Direct Award to an ANC 8(a)

As Alaska Native Corporations (ANC), KGS and LGS offer a unique, flexible, and streamlined direct award procurement option to our Government customers. Available through all SBA-certified 8(a) subsidiaries within the KGS family of companies, direct award contracting with KGS provides the Government with Federal Acquisition Regulation (FAR) and Code of Federal Regulations (CFR) provisioned methods to maximize performance flexibility, mission continuity, and small business goal achievement.

Under federal law, Koniag, Inc. and its subsidiaries, joint ventures, and partnerships are designated "minority and economically disadvantaged business enterprises." The 8(a) advantage provides a simplified and accelerated acquisition process.

DIRECT AWARD ADVANTAGES

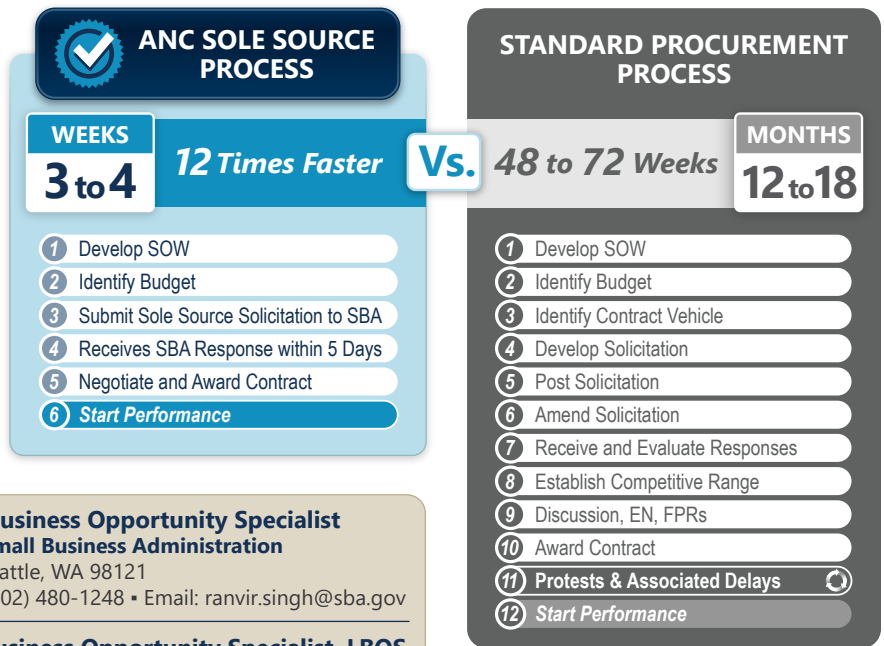

No Direct Award Dollar Threshold. 13 C.F.R. 124.506(b): SBA may issue a direct award contract to ANC 8(a) companies for a value of up to \$25M (Fed/Civ) and up to \$100M (DoD) without the need for a Justification and Approval (J&A). The Buy Indian Act gives preference to Indian-owned firms whenever practical.

Non-Challenged 8(a) Direct Award. 13 C.F.R. 124.517(a): KGS 8(a) companies eligible for a direct award or competitive 8(a) requirement may not be challenged by another participant or any other party, either to SBA or any administrative forum as part of a bid or other contract protest.

The 5% Subcontracting Bonus: DFAR 252.226-7001: A DoD contractor that subcontracts with any KGS company is entitled to receive a bonus equal to 5% of the amount of the subcontract award through the DoD Office of Small and Disadvantaged Business Utilization (OSDBU).

The Advantage of ANC Direct Award

Measured in **weeks rather than months**, a direct award procurement provides the Government with KGS's high-quality and CPARS-demonstrated performance **12 times faster than a standard procurement**. With open discussions across the procurement process immediately following SBA approval, we offer the ability and expertise to help tailor pre-award requirements for our customers to best achieve their desired post-award outcomes.
